DOUBLE WALL STAINLESS STEEL MIXING TINS

Don't sweat it. As you prepare cocktails in these unique tins, the double wall construction keeps the cold inside, while the exterior stays at ambient temperature and does not sweat. An ideal mixing vessel with straight, tall sides and reasonable size. 21 oz. (625 ml) capacity.

- > Highly durable. Lasts longer than glass. Will not break or chip if dropped.
- > 18-8 Stainless steel will not affect taste or color of cocktails.
- > Ideally shaped pour spout for even, steady flow of liquids.
- > Accommodates all standard spring and julep strainers.
- > Satin finish to hide wear.

Rapide Cuisine® Countertop High- Powered/Heavy-Duty Induction Hob

Hatco's Rapide Cuisine® High-Powered/Heavy-Duty Induction Hob offers industry leading features and true back-of-house power in a commercial kitchen-proof package.

The unit features our Magnetic Power System (MPS) to deliver the highest power in its class! It has User Programmable Presets (UPP) for repeat menu items and a food temperature probe for more accurate cooking, plus a timer, high resolution color display and convenient power and temperature modes.

- Commercial kitchen ready. Heavy gauge stainless steel housing with side impact protection for the top
- Four surface temperature sensors offer the most accurate control in its class
- Culinary equivalent of up to 31,000 BTUs gas
- High resolution TFT (thin film transistor) display instantly advises the operator of precise power (1 to 100), temperature (°C or °F in one degree increments) and time control (30 seconds to 10 hours)
- Programmable mode so the operator can create preset programs for consistent cooking cycles
- Includes a grease filter and features conformal-coated boards
- Easy to use color-coded selectable functions
- Large adaptive control for precise, fine control (slow turns) to spanning the full range in a single twist (fast turns)
- Pan Sense Technology (PST) activates the unit only when a suitable pan is placed on top
- Patterned, glass-ceramic top that is durable, easy to clean and helps scratches from heavy use become less noticeable
- Easy to clean, fully-sealed top stops grease or moisture from penetrating the unit, even if the top gets broken
- Automatic shut-off to prevent overheating
- Withstands high ambient kitchen temperatures up to 51°C
- USB port for downloading updates

Close up of patterned black glass-ceramic top – helps prevent noticeable scratches due to heavy use

Includes a food temperature probe which facilitates highly accurate cooking

IRNG-PB1-30	IRNGPB130SBBS	343 mm x 368 mm x 91 mm	230/240	2990/3120	11 kg

All Drop-In High-Power/Heavy-Duty Hob Models Feature:
Models Shipped with: 1300 mm cables from the base unit to the control panel, an 1800 mm cord and plug, and a food temperature probe.
Cord Location: Rear right bottom base corner.

ACCESSORY (available for purchase at any time)

Holds unit nearly flush on the counter (for use where chair-step routing of a countertop material is not possible, but a flush mount look is desired) –

Trim Ring in Stainless Steel (holds unit nearly flush on a stainless steel or any similar material countertop) £60

Rapide Cuisine® Countertop High- Powered/Heavy- Duty Dual Induction Hobs

Hatco's Rapide Cuisine® High-Powered/Heavy-Duty Dual Induction Hobs offer industry-leading features and true back-of-house power in a commercial kitchen proof package. These are dual units that are configured either front-to-back or side-to-side to optimize your countertop footprint.

The unit features optimization systems like Magnetic Power System (MPS) to deliver the highest power in its class; safety features like Pan Sense Technology (PST), which means the unit only activates when a pan is present; and convenience features like User Programmable Presets (UPP), where up to six menu items using three stages of cooking can be programmed and saved -- great for repeat menu items. You can also choose a power level and a doneness temperature target when using the food temperature probe(s).

- Food temperature probes for more accurate cooking
- Timers (up to 10 hours, more if in program mode)
- High resolution color displays
- Power (0-100) or temperature (°F or °C modes)
- Heavy gauge stainless steel housing with side impact protection for the top
- Eight surface temperature sensors
- Culinary equivalent of up to 31,000 BTUs gas per burner
- Grease filters
- Highest ambient tolerance on the market 51°C- it's tough
- USB ports for downloading updates

Palletti® Countertop Induction Warmer

Hatco's Palletti® Countertop Professional Induction Warmer offer a safe, efficient and attractive way to keep hot foods hot. Perfect for serving applications such as buffet lines and hospitality suites. The warmer has five simple and precise settings, which allow for a wide variety of foods to be held both safely and at optimum quality. The units are also memory retentive, so once turned off and back on, the last setting will resume.

This unit has a low-profile and ultra-thin design in all black so the focus remains on the food rather than the equipment.

- Portable and adaptable for buffets and many other front-of the-house applications to give the most attractive and visible food presentations
- Energy efficient, quiet and safe operation with no open flames as with traditional warming presentations
- Pan Sense Technology (PST) activates the unit only when a suitable pan is placed on top
- Contemporary, low-profile design with a bold black housing and durable, black glass-ceramic top that is easy to clean
- Features a control panel with a standby key, temperature control arrow keys and temperature setting indicators
- Automatic shut-off to safely prevent overheating
- Low wattage warmers can be interconnected (daisy chain) with multiple units to one electrical outlet resulting in greater energy efficiency (Five units with BS plugs and 432 mm interconnect cord)

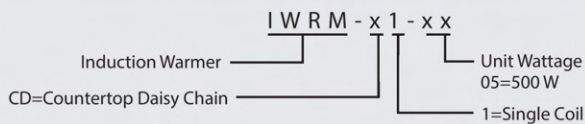

IWRM-CD1-05
(Shown with three Daisy Chain Countertop Induction Warmers interconnected to one power cord)

All Daisy Chain Countertop Induction Warmers Feature:
Maximum number of interconnected units: 5 units.
Models Shipped with: A 1800 mm cord and plug and a 432 mm interconnecting cord.
Cord Location: Rear right bottom base corner.
Interconnecting Cord Location: Rear left and right bottom base corner.

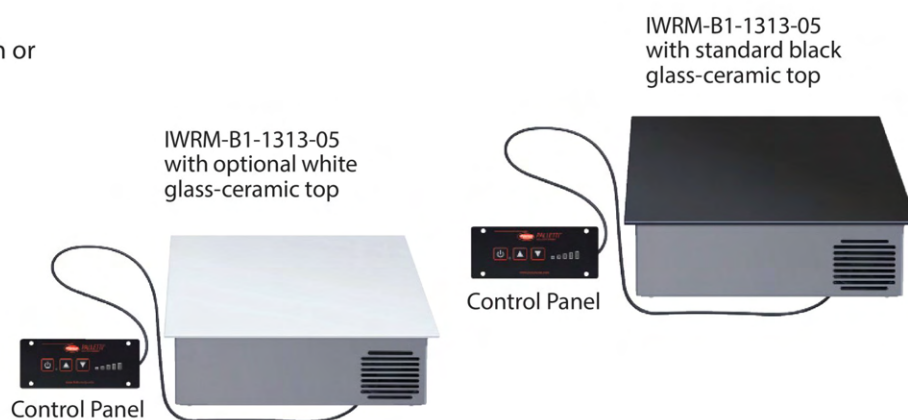

Palletti® Drop-In Induction Warmers

Hatco's Palletti® Drop-In Professional Induction Warmers offer a safe, efficient and attractive way to keep hot foods hot. Perfect for serving applications such as buffet lines and hospitality suites. The warmer has five simple and precise settings, which allow for a wide variety of foods to be held both safely and at optimum quality. The units are also memory retentive, so once turned off and back on, the last setting will resume.

This unit can be mounted flush or near flush with the optional Trim Ring.

- Adaptable for buffets and many other front-of-the-house applications to give the most attractive and visible food presentations
- Pan sense technology (PST) activates the unit only when a suitable pan is placed on top
- Once installed the glass-ceramic top never needs to be removed. For service or replacement, the lower housing can be removed separately
- Features a control panel with a standby key, temperature control arrow keys and temperature setting indicators
- Energy efficient, quiet and safe operation
- Choose black or white glass-ceramic top which is durable and easy to clean
- Features safety and convenience, such as the automatic shut-off to prevent overheating
- Includes remote control panel and cord

Models Shipped with: A 1000 mm cable from the base to the control and an 1800 mm cord and plug.
Cord Location: Rear left bottom base corner.

ACCESSORIES (available for purchase at any time)

Trim Ring or Flush Mount Brackets for use where chair-step routing of a countertop material is not possible, but a flush mount look is desired –

TRIM-IWRM-1B	Trim Ring in Stainless Steel (holds unit nearly flush on a stainless steel or any similar material countertop)
IWRM-FLUSHBKT	Flush Mount Kit (Undermount leveling brackets, used with a solid material or stainless steel countertop)

NOTE: Three installation options for a flush or near-flush look: see manual for details.

Snack System

The Hatco/Suntec Snack System will help expand your menu and your sales. With a single or dual electric baker, you can easily switch the interchangeable plates to serve breakfast items, lunch foods and a variety of snacks in between. Freshly bake as many or few items as you need, resulting in no waste at the end of the day. Add more variety to your menu in small quantities and increase sales according to the season, time of day and location.

NOTE: Comes with standard Round Belgian Waffle Plates and one additional set of plates of your choosing.

- Adjustable time/temperature controls enable operators to cook continuous, consistent quality products
- Exclusive heating elements provide exceptional heat distribution throughout the entire cooking plate, ensuring even cooking of each product
- One-touch release with latch opener for easy plate replacement
- Removable plates are easily cleaned with warm, soapy water
- Four programmable preset buttons for each cooking cycle. A cooking cycle consists of three different settings:
 - Temperature
 - Time
 - Top Cooking Plate Power

THERMMAX® Salamander

Hatco's Rise and Fall Salamander is specially designed for versatility in the kitchen with the capabilities to cook, grill and reheat food. The unparalleled start-up speed is a result of "Instant/On" heating elements located in the upper housing of the salamander. The Therm-Max Salamander is energy efficient and easy to operate.

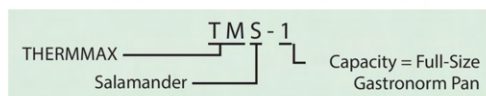

- The high-powered heating elements are ready for use within 8 seconds
- Two sets of independently-controlled heating element sections give the benefits of flexibility and energy conservation
- Cook mode selection switch controls left, right or both locations
- Made of stainless steel for easy cleaning and durability
- Can be placed on a countertop or mounted to a brick or cement wall (mounting bracket comes standard)

THERMMAX SALAMANDER

Model	Dimensions W x D x H	Voltage 50/60 Hz	Phase	Cooking Area W x D x H	Watts	Amps	Approx. Ship Weight
TMS-1	600 x 503 x 515 mm	230/400	3	540 x 373 x 90-260 mm	4000	8.7	72 kg

All THERMMAX Salamander Models Feature:
Models Shipped with: Grill, drip pan and wall mounting bracket.
Cooking Area: 540 W x 373 D x 90-260 H mm.
Power Location: Hardwired, back of unit, lower right corner.

Quick-Therm Salamander

A notch above a traditional salamander, the Hatco Rise and Fall Salamander incorporates many unique features, which serve to simplify operations and improve functionality. With the Hatco Quick-Therm Salamander, you can now start cooking, grilling, reheating or holding foods hot in just eight seconds!

- Reduced transfer of heat to surrounding area for effective energy savings
- Three high powered heating elements are ready for use within eight seconds and can be independently controlled
- Cooking grate, drip pan, and wall mounting bracket comes standard
- The Plate Detection feature automatically activates the heating elements when a food plate comes into contact with the plate detection mechanism. Removal of the food plate turns off the heating elements

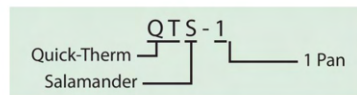

QUICK-THERM SALAMANDER

Model	Dimensions W x D x H	Voltage	Phase	Cooking Area W x D x H	Watts	Amps	Approx. Ship Weight
QTS-1	576 x 550 x 518 mm	240/415	3	546 x 360 x 78-193	4500	6.3	75 kg

The Quick-Therm Salamander Model Features:

Models Shipped with: Cooking grate, drip pan, and wall mounting bracket.

Power Inlet Location: Right side of back of unit near bottom (cord not included).

Saves Energy, Saves Money, Protects your Reputation!

Do your bit for Global Warming with Hatco's QTS-1. The Hatco Quick-Therm Salamander's elements are ready for use in just eight seconds. How does that work? Mounted on the back wall of the Salamander is a "plate detection" switch that keeps the unit from turning on unless a plate or pan is put underneath or against this bar.

That means the elements are only on when they need to be. Most kitchens have every piece of equipment on all day, firing out heat and constantly using energy. And even in power save mode, most equipment is never fully off. Not the Quick-Therm Salamander, it's 100% off when not in use, saving you money, energy and the environment.

Custom Heating Elements

The heating elements in the QTS-1 salamander may be operated independently, utilizing the benefits of flexibility and energy conservation. Different combinations of elements may be selected to cook the desired quantities of food the way you like. Below are the examples of seven available combinations possible in using the heating elements.

TOAST-MAX® Conveyor Toaster

The TOAST-MAX® Electric Conveyor Toaster is fast, reliable and versatile, toasting up to 460 bread or bun products per hour depending on bread type. Featuring long-lasting serpentine metal sheathed heating elements and a permanently lubricated conveyor motor.

- Durable stainless steel construction
- Patented ColorGuard Sensing System ensures toast color uniformity
- Power Save mode with indicator light saves energy during off-peak periods
- Allows for toasting bread products up to 38 mm thick
- Utilizing conveyor speed, not temperature, to determine toasting color allows for instant adjustment of toasting time
- Units are shipped with 25 mm adjustable legs, feed ramp, removable crumb tray and a discharge chute

TQ-405

- Instant and precise adjustment of toast color with electronic infinite controls that regulate top and bottom heat
- Hatco's ColorGuard Sensing System assures toast uniformity for Toast-Qwik Toaster series
- Optional Power Save Mode on the Toast-Qwik series conserves energy
- Opening height for Toast-Qwik, H and HBA models is 76 mm, for all other models the opening height is 51 mm
- Capacity of 400-1800 slices per hour, depending on bread type
- Insulation and an interior fan provide cool surface temperatures
- Efficient design of front or rear discharge allows unit to be placed where it is most convenient for sending product to the operator side or to the customer/server side
- Permanently lubricated ball bearing motor and heating elements guaranteed against burnout and breakage for two years

TOAST-QWIK CONVEYOR TOASTERS

Model	Dimensions W x D x H*	Opening Dimensions W x H	kW	Voltage singlephase	Amps 50/60Hz	Capacity/ Minute†	Approx. Ship Weight

- ✓ TQ2-SECURITY Control Cover and Bracket (excluding TQ-1800 models)

Toast King® Conveyor Toasters

Designed for mid- to high-volume and constant flow applications, Hatco's proven reliability and performance makes the TK toasters the workhorse of your operation. These toasters use conveyor speed, not temperature, to determine toast color.

- Toasts a variety of bread products
- Stainless steel construction for years of trouble-free service
- Power saving thermostat for energy savings during non-peak times
- Manual advance and speed control
- Fully insulated for cooler operation
- Multiple metal sheathed toasting elements

- Toast storage area keeps bread warm and dry
- Capacity of 720-1320 slices per hour
- Three basket access for fast loading
- Top venting keeps heat away from the operator

Decorative Lamps/ Luminaires

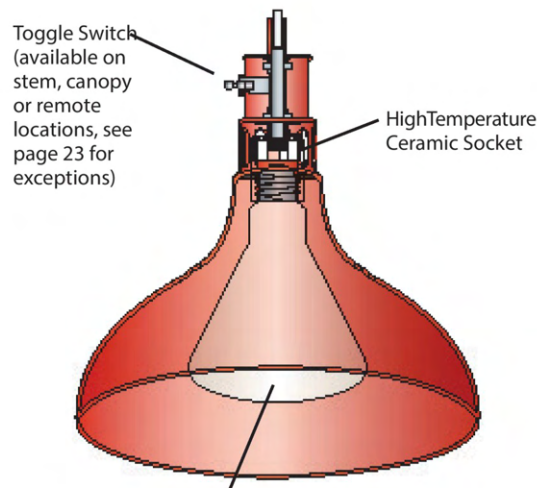

Hatco Decorative Lamps provide radiant heat to briefly hold food warm at kitchen work areas, wait staff pickup stations or customer serving points, while enhancing your décor. Versatile enough for any location, the range of lights are available with a selection of personalized choices: shade styles, colors, switch locations and mounting arrangements. Configurations for lighting (Luminaire), as well as foodwarming, are available.

NOTE: Decorative Lamps and Luminaires are non-returnable.

- Decorative Lamps available in nineteen shade styles
- Four different mounting arrangements to choose from
- Seven Designer colors, seven Gloss finishes and six Plated finishes available
- Four power switch options:
Upper (on canopy), Lower (at stem), Remote, None
- Available for food holding and display or lighting only applications

Rigid Stem and Adjustable Stem Mounts in unit color (except for Gloss finishes of Radiant Red, Brilliant Blue and Clear Brushed Metal)

Black cord is standard and white cord is optional. Various cord lengths available, starting at 432 mm, while rigid and retractable can vary.

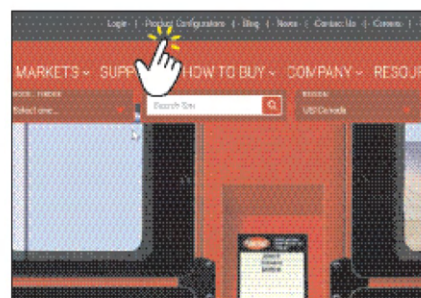

Bulbs for:
40W clear coated (Luminaire only, 240V)
250W (DL models, 240V) in clear, uncoated or coated
High watt bulb not available

Build A Decorative Lamp

Hatco has given you a variety of simple and easy ways to "Build Your Decorative Lamp." You can go online or quickly do the work tables of "How to Build Your Lamp" on pages 22 through 25.

- GO online at: www.hatcocorp.com and click on "Build a Lamp" in the header. (Download a PDF of your lamp configuration in color and a Hatco List Price Quote)
- OR follow the seven steps in the Hatco Price List (next three pages) to build your Hatco model code and List Price.

Hatco Website shown, click on "Product Configurators" then "Build A Lamp" in the header to configure your choices

HOW TO BUILD A LAMP

Now you can develop your own Hatco Decorative Lamp solutions with our online lamp configurator.

Visit www.hatcocorp.com
Click on "Build a Lamp"

Specify the following options when ordering:		
1 Electrical	DL	(Standard Watt - 250 watt max)
2 Mounting Style	C	(Cord Mount)
3 Switch Location	R	(Remote Switch Location)
4 Shade Style	-775	(Shade Style on page 23)
5 Shade Color	BBRASS	(Bright Brass Plated Finish)
6 Overall Length	2032 mm	> 1829 mm (£12 over 1829 mm - only C Mounting Style)
7 Bulb Choice	WHITE-UCTD-240	(Bulb Choice)

(Specify to the nearest millimeter – ASL, ASU, CL, CU, SL, SU mounts only).
Information indicated in red are items that the customer should enter (bulbs are not included in the unit price).

Portable Foodwarmers

Opt for the versatility of Hatco's GLOMAX®, Glo-Ray® and Ultra-Glo® Portable Foodwarmers. With heat from above, below or both, these foodwarmers offer design flexibility without sacrificing food product quality. Ideal for use next to fry stations, drive-through windows and service areas that require frequent and easy access.

- Portable – ready to plug in and use
- Versatile – available in many sizes, styles and heat sources to fit your needs
- Flexible – both top and bottom heat available
- Available with incandescent bulbs containing special protective coating to guard against food contamination
- Ceramic heating elements provide more distance between the heat source and the holding pan (UGFF series only)
- Toggle switch is standard; infinite switch optional on GRFF series
- All base heat units (GR-B, GRFFB and UGFFB) have a pre-set heated base that provides an envelope of heat around your product
- GMFFL provides top heat only

Glo-Ray® Fry Stations

Hatco offers convenient Glo-Ray® Fry Stations that can be placed where they are most needed – next to a fryer! Glo-Ray heat technology offers the ability to keep fried foods at optimum temperatures, ready to serve, without cooking or drying them out.

- Various Hardcoat Aluminum fry ribbons stage boxed or bagged products for quick-service areas
- Pre-Set Heated base provides an envelope of heat around your product (GRFHS series)
- Portable models including pass-through style (GRFHS series)
- Ceramic elements and slotted holding bin prevent soggy product (GRFHS series)
- Accessory Hardcoat Aluminum fry ribbons absorb more radiant heat than stainless steel and can be up to 8° to 11°C hotter (GRFHS series)
- Sectional divider permits holding of multiple products simultaneously (GRFHS series)
- Fry Station Warmers (GRFSC, GRFS series) feature a built-in top heat source and a swing-away post mount
- GRFSC series available with ceramic heating element, while the GRFS series has a metal sheathed element
- A variety of clearances are offered (GRFS series)
- GRFS series has power toggle switch, cord and plug, plus optional infinite control

GRFHS-21 with optional right-hand cutout for fry basket and accessory fry ribbon (left-hand cutout also available)

Portable Heated Base Glass Modular Shelf

Hatco's black ceramic glass creates uniform heat across the entire top surface. The new design uses a modular system, so units can be placed side-by-side. This allows great flexibility in buffet areas. Each unit's glass surface is the size of a 1/1 GN food pan.

- Electronic temperature control with five settings for 55°, 65°, 75°, 85° and 95°C
- The portable, modular system design offers great flexibility
- Simple design for easy cleaning and maintenance
- Durable stainless steel housing

HEATMAX Round Heated Wells

The multipurpose dry Heated Well from Hatco offers the flexibility of food warmers, soup kettles, Bain-Marie heaters, steamers and pasta cookers all in one! With a range of temperature settings, HEATMAX can boil pasta and soup noodles, steam dim sum and warm and hold soups, curry, gravies and toppings at safe-serving temperatures.

RHW-1 includes one well with 10-liter pot and hinged lid

RHW-2 includes two wells with two 10-liter pots and hinged lids (not shown)

RHW-1B includes one well with 10-liter pot and hinged lid (ladle not included)

- Three temperature setpoints from 50°C to 100°C for holding or warming, steaming and boiling
- Low power mode allows energy efficiency
- Single built-in model available (one 10-liter round pan)
- Freestanding units available as a single (one 10-liter round pan) or dual model (two 10-liter round pans) with individually-controlled pans

FREESTANDING ROUND HEATED WELLS

Model	Dimensions W x D x H	Voltage Single Phase	kW	Approx. Ship Weight
RHW-1	359 x 330 x 355 mm	240	1.3	9 kg
RHW-2	630 x 330 x 355 mm	240	2.5	16 kg

All Freestanding Round Heated Well Models Feature:

Liquid Capacity: RHW-1: 10 liter pot. Actual pot capacity: 6 liters for boiling application or 8 liters for warming application.

Sharpening

Ceramic Honing Steels

High performance ceramic aligns the knife edge as it hones. Works quickly, taking less time to get the blade to peak condition. Super strong ceramic provides excellent durability. Ergonomic nylon handle with hand guard for safety and ring for easy storage. 1200 grit.

M14412 12"

Traditional Steels

These steels hone knives, removing burrs from knife edges.

M21010 10" Genesis® - Santoprene® handle

M14512 12" German steel, polypropylene handle
M14510 10" German steel, polypropylene handle

Diamond Sharpeners

Diamond coating creates a new bevel on the knife edge, leaving it razor sharp. Polypropylene handle.

M15912 12" Polypropylene handle
M15910 10" Polypropylene handle

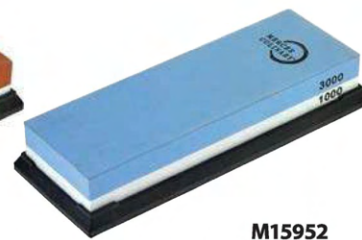

Standard Combination Sharpening Stones

Cutlery performs at peak levels with our sharpening stone system. Each stone contains a different grit level on each side. The Starter stone has coarser grit levels to repair damaged edges or blunt knives. The Finishing stone is made with finer grit levels for eliminating burrs on the knife edge.

- > High-grade corundum construction for professional results.
- > Two grit levels for finer blade sharpness.
- > Rubberized base holder creates non-skid surface and prevents damage to work surface.
- > Packed in a color retail box.
- > 7" x 2 3/8" x 1 1/8" h With base.

M15951
Starter 400/1000 Grit

M15952
Finishing 1000/3000 Grit

Sharpening Guide

Designed to train users to hold a knife at the proper angle when sharpening.

- > Easiest and most accurate sharpening guide available.
- > Ideal sharpening angle for ultimate knife performance.
- > Ceramic inserts for longer life.

M15950 Mercer Guides™

For use with Chef's knives 6" and larger

Pocket Sharpener

Convenient size goes anywhere for quick sharpening. Features tungsten steel for coarse sharpening and ceramic rods for fine sharpening. Rubber molded feet for safety and stability. Textured surface for better grip.

Silicone Blade Scrapers and Spoon Scrapers

A new addition to the Hell's Tools® line with the same heat defying characteristics and unsurpassed kitchen performance. Ideal for use in prep or the stove top, these utensils are as durable as the number of different applications they are good for.

- > Stain and odor resistant silicone blade is rated to 500°F/260°C.
- > Ergonomic, strong, and high heat-resistant specially formulated nylon handle.
- > Flexible silicone blades create excellent contact with sides of bowls, pots, pans and will not scratch.
- > Raised kick stand is molded into the underside of blades, keeping blade off work surface when not in use.
- > Integral hook on handle end prevents scraper from sliding into bowls, pots and pans.
- > Convenient hanging hole.
